

TGR LEARNING LAB

Spring 2019 MEMBER APPLICATION

March 18 – May 2
Application Deadline: **March 8, 2019**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's seven-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- o Step 1: Select your course(s) and write a Personal Statement
- o Step 2: Complete the Registration Form
- o Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab
One Tiger Woods Way
Anaheim, CA 92801

Thank you. We hope to see you at the TGR Learning Lab.

TGR LEARNING LAB MEMBER BENEFITS

ACADEMIC SUPPORT

TGR Learning Lab members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

Hours

Monday – Thursday
2:30 – 6:00 p.m.

GOLF PROGRAM

TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Hours

Monday – Thursday
2:30 – 6:00 p.m.

Saturday
9:00 a.m. – 4:00 p.m.

GRADES 7-12
Monday/Wednesday

Introduction to Video Game Design

Ever wondered how the games you play are created? Travel through the world of video game design and create your very own 2D video game using Clickteam Fusion 2.5. Whether you are designing levels or developing sprite animations for your characters, you'll become familiar with the many unique elements in creating an exciting game. Explore several different careers in video game design and bring your creative ideas into the gaming arena!

Mechanical Engineering

Do you enjoy working with your hands and fixing broken things? If the answer is "YES!" then this is the class for you. Come and explore different engineering concepts such as Simple Machines, Forces and Applied Physics. You will also have a chance to apply all the scientific concepts gained from the class to design and build a model of an amusement park!

Mind Craft

Understanding how the mind works can positively change how you look at yourself and your ability to craft the life you choose. You will learn about the brain, intelligence, emotions, personality and develop life skills to help you be focused, happy and true to yourself, even in the face of stress and challenges. We will be performing a brain dissection, creating artwork, practicing mindfulness and discovering your strengths, personality and dreams for the future.

Smooth Swings

Do you want to hit the golf ball straighter and farther? Smooth Swings class will teach you the fundamentals of effortless power and dynamic balance. You will practice the basics of the full-swing, applying concepts and techniques of some of the greatest ball-strikers in the game. Learn how to develop a repetitive and consistent smooth swing.

Solar Vehicle Engineering

Solar energy is a great alternative to power various things instead of using natural resources. Come explore the physics and different components of a vehicle required to ensure speed and efficiency. Through the use of solar energy, you will be challenged to design and engineer the fastest, most creative and best crafted solar-vehicle possible.

GRADES 7-12
Tuesday/Thursday

EV3 Robotics

Ever wonder what it would be like to build and create your own robot? Well wonder no more! In this class, you will have the opportunity to exercise your creative mind to design and build robots for different challenges. You will participate in a dragster race, sumo challenge, maze competition and much more.

Golfology

Ever wonder how the game of golf was created? What does the number on the bottom of a golf club mean? Have you ever made a golf ball fade? Get all your questions about golf answered in Golfology. This class will help you develop the skills necessary to play the game of golf. You will learn putting, chipping, pitching, bunker play and the full-swing using all the clubs in your bag.

Temples, Tombs & Treasures: Intro to Archaeology

Come get your hands dirty and learn about the field of archaeology. Then use your detective skills and apply it to a mock dig. Learn how researchers reverse engineer ancient tools to find out how they were created and used. Discover what archaeology teaches us about our past and ourselves as well as explore careers in research, Cultural Resource Management, National Parks and museums.

Universal Science

Science is all around us. Discover physical and life sciences in a fun, interactive environment. Catch bugs, classify and dissect organisms, make your own ice cream, play with dry ice and explore the composition of planets. You'll never look at science the same way again.

Application

At the TGR Learning Lab, we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a seven-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. - 6:00 p.m. Courses begin at 4:00 p.m. and end at 6:00 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 6:00 p.m. ***Please note that incomplete applications will not be accepted.**

Please indicate your top 5 course selections: (place a 1 - 5 on the line)

Grades 7-12 Courses

Monday/Wednesday

- Intro to Video Game Design
- Mechanical Engineering
- Mind Craft
- Smooth Swings
- Solar Vehicle Engineering

Grades 7-12 Courses

Tuesday/Thursday

- EV3 Robotics
- Golfology
- Temples, Tombs & Treasures
- Universal Science

Please write 4-6 sentences about why you would like to attend the TGR Learning Lab.

If transportation were offered, would you take advantage of it? Yes No

Transportation is being considered for the schools listed below. Please contact the TGR Learning Lab for details.
