## **TGR LEARNING LAB FALL 1 2019 MEMBER APPLICATION**

September 9 – October 30  
Application Deadline: **August 30, 2019**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's eight-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- o Step 1: Select your course(s) and write a Personal Statement
- o Step 2: Complete the Registration Form
- o Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab  
One Tiger Woods Way  
Anaheim, CA 92801

Thank you. We hope to see you at the TGR Learning Lab.

### **TGR LEARNING LAB MEMBER BENEFITS**

#### **ACADEMIC SUPPORT**

TGR Learning Lab Members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

#### Hours

Monday – Thursday  
2:30 – 5:30 p.m.

#### **GOLF PROGRAM**

TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

#### Hours

Monday – Thursday  
2:30 – 5:30 p.m.  
Saturday  
9:00 a.m. – 4:00 p.m.

#### **GRADES 7-12**

#### **Monday/Wednesday Classes**

#### **Intro to the Dream Design Develop (3D) Lab**

The 3D Lab is the newest edition to the TGR Learning Lab. Members participating in this course will become familiar with the D3 lab by engaging in different hands-on projects that uses different technology such as electronics, software and tools for 3D printing and laser engraving.

**GRADES 7-12**  
**Monday/Wednesday Classes**

**Intro to Hip Hop**

Open to students at all levels, this class will help you discover your own hip hop “swagger” and refine your skills as a dancer. Perform a dance routine with other students and learn how to create your own choreography.

**Introduction to Game Design**

Ever wonder how the games you play are created? Travel through the world of video game design and create your very own 2D video game using Clickteam Fusion 2.5. Whether you are designing levels or developing sprite animations for your characters, you’ll become familiar with the many unique elements in creating an exciting game. Explore several different careers in video game design and bring your creative ideas into the gaming arena!

**Marine Biology & Technology**

More than 70% of our planet is covered by the ocean, but the majority of the ocean has not yet been explored. Due to the advancement of technology, marine biologists have been able to research unknown ecosystems and organisms. Find out what types of equipment are being used by scientists and engineers!

**Under Par Golf**

Develop shot-making ability around the greens that are necessary to shoot low scores. Creativity and imagination are a MUST! Practice the fundamentals of putting, chipping, pitching and sand play. Learn how to read it, roll it and hole it! This class is perfect for competitive golfers who play tournaments and/or high school golf matches.

**Wearable Electronics**

Are you ready to explore the world of engineering and design? Fashion is all around us and is something that we live in. What if you could design the next big thing in wearable electronics? What is “tinkering” and how does it relate to engineering and design? Participate in hands-on activities that allow you to explore tools and materials, take things apart and build unique, one-of-a-kind art that’s part science and part technology.

**GRADES 7-12**  
**Tuesday/Thursday Classes**

**EV3 Robotics**

Ever wonder what it would be like to build and create your own robot? In this class you will have the opportunity to exercise your creative mind to design and build robots for different challenges. You will participate in a dragster race, sumo challenge, maze competition and much more.

**Graphic Design**

Do you enjoy drawing or manipulating images? Do you have fun creating posters to help promote school activities? Maybe you should consider becoming a graphic designer. A graphic designer creates visual designs for billboards, magazine covers, websites, clothing and more. In this course, members will learn Adobe Photoshop and Illustrator. Using these software programs, members will be tasked to think creatively and complete several graphic design projects.

**Peak Performance**

Are you an aspiring golfer who wants to play high school or college golf? Maybe even play professional golf someday? This is the class for you! This advanced golf class will have you learning and trying new things so you can get to the top. You will learn what it takes both mentally and physically to achieve your goals. You will see huge strides in your game through drills, exercises and expert analysis.

**GRADES 9-12**  
**Tuesday/Thursday Class**

**DNA Insider: Discovering Biotechnology**

Have you ever tried to physically read someone by their facial expression or behavior? Here’s your chance to dive deeper into the human genome to read and examine the DNA library! Study the animal cell and different types of diseases, solve a crime through DNA fingerprinting and analyze your own genome by sequencing your DNA! You’ll walk out of here speaking a whole new scientific language.

**GRADE 10-12**  
**Tuesday or Thursday Class**

**Exploring Higher Education**

If you are a Sophomore, Junior, or Senior in high school, have you thought about what you would like to do after graduation? Through hands-on activities and interactive lessons, we’ll explore the many options available after graduation and help you figure out the best fit based on your personal preferences. Plan your future and set yourself up for success!

\*\*This class runs once a week.
