

TGR LEARNING LAB FALL 2 2019 MEMBER APPLICATION

November 4 – December 12
Application Deadline: **October 25, 2019**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's five-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- Step 1: Select your course(s) and write a Personal Statement
- Step 2: Complete the Registration Form
- Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab
One Tiger Woods Way
Anaheim, CA 92801

Thank you. We hope to see you at the TGR Learning Lab.

TGR LEARNING LAB MEMBER BENEFITS

ACADEMIC SUPPORT

TGR Learning Lab Members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

Hours

Monday – Thursday
2:30 – 5:30 p.m.

GOLF PROGRAM

TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Hours

Monday – Thursday
2:30 – 5:30 p.m.

Saturday
9:00 a.m. – 4:00 p.m.

GRADES 7-12

Monday/Wednesday

Advanced Video Game Design

Dive deeper into the Video Game Design world by learning new techniques related to the creation of your video game. Mix your creativity and imagination while developing a new set of skills to design the ultimate video game. Using Fusion 2.5, you can either update a game you have created, or you may build an entirely new game.

**Must complete Video Game Design prior to enrolling.*

Civil Engineering

Do you enjoy working with your hands and building things? If your answer is "YES!" then this is the course for you. Learn how civil engineers use the application of physical and scientific principles to help them with many architectural designs.

Golfology

Ever wonder how the game of golf was created? What does the number on the bottom of a golf club mean? Have you ever made a golf ball fade? Get all your questions about golf answered while developing the skills necessary to play the game. Use all the clubs in your bag to learn putting, chipping, pitching, bunker play and the full-swing.

STEM & Photography

Did you know that photography combines science and an art? Through capturing and analyzing photographs, we will explore the science of light and optics, the math involved in ratios and proportions, as well as the technology and engineering behind different types of cameras. You will also produce a small portfolio of photographs to capture what you learned!

Universal Science

Science is all around us. Discover physical and life sciences in a fun, interactive environment. Catch bugs, classify and dissect organisms, make your own ice cream, play with dry ice and explore the composition of planets. You'll never look at science the same way again.

GRADES 7-12

Tuesday/Thursday

Intro to the Dream Design Develop (D3) Lab

The D3 Lab is the newest edition to the TGR Learning Lab. Members participating in this course will become familiar with this interactive maker space by engaging in different hands-on projects that uses different technology such as electronics, software and tools for D3 printing and laser engraving.

Exploring Biomedical Careers

Are you interested in applying your passion for science to improve people's health and well-being? Through hands-on activities and games, we will explore the anatomy of the human body, the cause and spread of diseases and the wide variety of careers in health care. You will walk away with a better understanding of how you can help yourself and others live a healthy life.

Power of Chemistry

We are constantly surrounded by solids, liquids and gases that chemically react on earth, in our homes and in our bodies. Experiment with common chemicals to learn about physical and chemical changes while creating something new. Come see, hear and feel the science of chemistry.

The Biomechanic Golf Swing

Professional golfers can generate clubhead speeds over 110 miles per hour that result in drives over 310 yards. The reason is a biomechanic golf motion that incorporates ground force, kinetic sequence and core stability. Learn how to build a biomechanic motion in your swing through innovative games, exercises and challenges.

GRADE 10- 12
Tuesday or Thursday

Exploring Higher Education

If you are a sophomore, junior or senior in high school, have you thought about what you would like to do after graduation? Through hands-on activities and interactive lessons, we'll explore the many options available after graduation and help you figure out the best fit based on your personal preferences. Plan your future and set yourself up for success!

** This class runs once a week.*

Application

At the TGR Learning Lab, we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a five-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. - 5:30 p.m. Courses begin at 4:00 p.m. and end at 5:30 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 5:30 p.m. ***Please note that incomplete applications will not be accepted.**

Please indicate your top 5 course selections: (place a 1 - 5 on the line)

Grades 7-12 Courses
Monday/Wednesday

- Advanced Video Game Design
- Civil Engineering
- Golfology
- STEM & Photography
- Universal Science

Grades 7-12 Courses
Tuesday/Thursday

- Intro to the (D3) Lab
- Exploring Biomedical Careers
- Power of Chemistry
- The Biomechanic Golf Swing

Grades 10-12 Courses

Tuesday

Thursday

- Exploring Higher Ed. Exploring Higher Ed.

Please write 4-6 sentences about why you would like to attend the TGR Learning Lab.

If transportation were offered, would you take advantage of it? Yes No

Transportation is being considered for the schools listed below. Please contact the TGR Learning Lab for details.
