

TGR LEARNING LAB

Spring 2020 MEMBER APPLICATION

March 2 – April 30
Application Deadline: **February 19, 2020**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's seven-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- o Step 1: Select your course(s) and write a Personal Statement
- o Step 2: Complete the Registration Form
- o Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab
One Tiger Woods Way
Anaheim, CA 92801

Thank you. We hope to see you at the TGR Learning Lab.

TGR LEARNING LAB MEMBER BENEFITS

ACADEMIC SUPPORT

TGR Learning Lab members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

Hours

Monday – Thursday
2:30 – 5:30 p.m.

GOLF PROGRAM

TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Hours

Monday – Thursday
2:30 – 5:30 p.m.

Saturday
9:00 a.m. – 4:00 p.m.

GRADES 7-12
Monday/Wednesday

Introduction to Video Game Design

Ever wonder how the games you play are created? Travel through the world of video game design and create your very own 2D video game using Clickteam Fusion 2.5. Whether you are designing levels or developing sprite animations for your characters, you'll become familiar with the many unique elements in creating an exciting game. Explore several different careers in video game design and bring your creative ideas into the gaming arena!

Performing Arts: Storytelling Through Drama

From job interviews to presentations, the ability to capture the attention of an audience with a good story is an important skill to develop. Through drama activities, you'll learn valuable storytelling techniques that will mesmerize an audience and improve your public speaking skills.

STEM & Photography

Did you know that photography combines science and art? Through capturing and analyzing photographs, we will explore the science of light and optics, the math involved in ratios and proportions, as well as the technology and engineering behind different types of cameras. You will also produce a small portfolio of photographs to capture what you learn!

Smooth Swings

Do you want to hit a golf ball straighter and farther? The Smooth Swings class will teach you the fundamentals of effortless power and dynamic balance. You will practice the basics of the full-swing, applying concepts and techniques of some of the greatest ball-strikers in the game. Learn how to develop a repetitive and consistent smooth swing.

Solar Vehicle Engineering

Solar energy is a great alternative to power various things instead of using natural resources. Come explore the physics and different components of a vehicle required to ensure speed and efficiency. Through the use of solar energy, you will be challenged to design and engineer the fastest, most creative and best crafted solar-vehicle possible.

GRADES 7-12
Tuesday/Thursday

Golfology

Ever wonder how the game of golf was created? What does the number on the bottom of a golf club mean? Have you ever made a golf ball fade? Get all your questions about golf answered in Golfology. This class will help you develop the skills necessary to play the game of golf. You will learn putting, chipping, pitching, bunker play and the full-swing using all the clubs in your bag.

Intro to the Dream Design Develop Lab (D3)

The D3 Lab is the newest edition to the TGR Learning Lab. Members participating in this course will become familiar with the D3 Lab by engaging in unique hands-on projects that use different technology such as electronics, software and tools for 3-D printing and laser engraving.

L.E.A.D – Leadership Exploration and Development

Have you ever wanted to make a difference at school or in your community but didn't know how? Come explore and learn to develop individual and group leadership skills to impact your life and your community. Participate in a variety of goal-setting, mentor-seeking and volunteer service opportunities. Discover your strengths and aspirations for the future and make your dreams a reality.

Nutrition & Fitness

Discover delicious eating habits that will energize your body and boost your mood. Conduct fascinating experiments and discover what we're really eating. Get your heart pumping through invigorating cardio and strength training exercises. Use these 8 weeks to set goals and learn how to crush them!

Temples, Tombs & Treasures: Intro to Archaeology

Come get your hands dirty and learn about the field of archaeology. Then use your detective skills and apply it to a mock dig. Learn how researchers reverse engineer ancient tools to find out how they were created and

used. Discover what archaeology teaches us about our past and ourselves as well as explore careers in research, Cultural Resource Management, National Parks and museums.

GRADES 9-12
Monday/Wednesday

Marketing Design

Have you ever wanted to improve a product, service or idea to make it work easier or better? If yes, come join the Marketing Design Class. We will be exploring design principles and strategies to use in improving or creating a product, service or idea and present in a "Shark Tank" format at the end of the class. So bring your ideas and creativity and explore how to market them!

Application

At the TGR Learning Lab, we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a seven-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. – 5:30 p.m. Courses begin at 4:00 p.m. and end at 5:30 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 5:30 p.m. ***Please note that incomplete applications will not be accepted.**

Please indicate your top 5 course selections: (place a 1 - 5 on the line)
